In [Taiwan](#), Teacher's day is celebrated on [September 28](#) to honor teachers' virtues, struggles, and contribution not only to their own students but also to the society in general. The date was also chosen to commemorate the birth of [Confucius](#), believed to be the model master educator in ancient China. The Grand Ceremony Dedicated to Confucius occurs in the temples of Confucius around the island. The ceremony begins at 6 AM with drum beats. 54 musicians dress in robes with blue belts, 36 (or 64) dancers dress in yellow with green belts. They are led by Confucius's chief descendant and followed by ceremonial officers. Three animals, the cow, the goat, and the pig, are presented on worship. The hairs plucked from these animals are called the Hairs of Wisdom that parents will have to be in a long line to get one for their children.
